Message from the Owner

Riyadul Global Company is a newly established subcontractor and manpower solutions provider, registered in Jeddah in 2026. While our company is young, our management brings more than five years of hands-on experience in construction manpower and site support, and we built RGC on that practical knowledge.

Our teams have delivered manpower and MEP support on hotels, a hospital, solar power plants, a mixed-use destination and an industrial plant in Jeddah, Makkah, Madinah, Rabigh, Afif and Hail. We are proud of the trust our first clients have placed in us, and we aim to earn it again on every project.

Today more than 1,200 RGC electricians, plumbers, foremen, helpers and cleaners are working on site, and we are ready to mobilize more for your next project.
